

Building Infrastructure, Improving Lives

Sigfusson Northern is a well-established Heavy Civil construction company with a long history of completing a diverse array of challenging projects across Canada. We are excited to be currently expanding into General Contracting and have already secured some large and exciting new projects. This is a new division and we are building a new team that will work alongside our existing Heavy Civil team. We are currently looking for individuals to help build our team.

At Sigfusson Northern, you will not be treated as just an employee. You will be part of a young and dynamic team that has the ability to think outside the box. You will have your ideas heard, take on a diverse array of challenging new projects, and help improve the communities and lives of others. Sigfusson Northern offers competitive compensation packages, and a chance to be an owner in our dynamic company that is transitioning into employee ownership. We provide opportunities that are not only financially rewarding but also challenge and support you to grow your professional roll and career path in the organization.

Our people are our strength, which is why we are always looking for talented individuals who can bring innovative solutions and thinking to every project.
